ANNEX II

QUESTIONNAIRE ON PROPOSED ELEMENTS OF THE STRATEGIC FRAMEWORK FOR CAPACITY-BUILDING AND DEVELOPMENT UNDER THE NAGOYA PROTOCOL ON ACCESS AND BENEFIT-SHARING

Please provide your views and suggestions for each of the proposed elements of the strategic framework.

1. OBJECTIVES

In accordance with Article 22 of the Nagoya Protocol, the objective of the strategic framework is to assist Parties in the capacity-building, capacity development and strengthening of human resources and institutional capacities in developing country Parties, in particular the least developed countries and small island developing States among them, and Parties with economies in transition to effectively implement the Protocol.

Please provide any views on the possible objective(s) for the strategic framework.

Bridging the technology and legal expertise gap between provider and user Parties.

2. EXPERIENCE AND LESSONS LEARNED FROM PAST AND ONGOING ACCESS AND BENEFIT-SHARING CAPACITY-BUILDING AND DEVELOPMENT INITIATIVES.

Please provide a short description of your experience and lessons learned from past and ongoing access and benefit-sharing capacity-building and development initiatives which could contribute to the development and implementation of the strategic framework.

1- Lack of legal and business knowledge among scientists.
2- Occasional un-declared collaboration between scientists and business interests.
3- Technocal knowledge gap between scientists from provider and user Parties.
4- Tempting scientests from provider countries with travel grants and publication potential, by scientists from user countries

3. GUIDING PRINCIPLES AND APPROACHES TO CAPACITY-BUILDING AND DEVELOPMENT

The preamble of the recommendation 1/2 of the Intergovernmental Committee provides a preliminary list of principles and approaches to guide capacity-building and development in support of the implementation of the Nagoya Protocol, as follows:

- a) To be demand-driven, based on the needs and priorities identified through national self-assessments;
- b) To take note of experiences and lessons learned from past and on-going ABS capacity-building initiatives;
- c) To emphasize the role of bilateral and multilateral cooperation;
- d) To ensure full involvement of indigenous and local communities and relevant stakeholders, including women, in capacity-building and development initiatives; and
- e) To recognize the usefulness and cost-effectiveness of subregional and regional approaches to capacity-building and development in particular where countries have similar biological resources and common capacity-building needs.

The list below contains the GEF operational principles for effective capacity-building.³

*Please indicate from this list which of these principles and approaches could be reflected in the strategic framework to guide capacity-building and development initiatives under the Nagoya Protocol by **placing a cross (X)**.*

- Ensure national ownership and leadership
- Ensure multi-stakeholder consultations and decision-making
- Base capacity building efforts in self-needs assessment
- Adopt a holistic approach to capacity-building
- Integrate capacity-building in wider sustainable development efforts
- Promote partnerships
- Accommodate the dynamic nature of capacity-building
- Adopt a learning-by-doing approach
- Combine programmatic and project-based approaches
- Combine process as well as product-based approaches
- Promote regional approaches

Other Assurance of legal clarity of duties, rights and obligations of participants in capacity building activities.

4. KEY AREAS FOR CAPACITY-BUILDING AND DEVELOPMENT AND MEASURES TO BUILD OR DEVELOP CAPACITY UNDER THE KEY AREAS

This element of the strategic framework will be based on the responses to the questionnaire on domestic needs and priorities (Annex I).

5. MECHANISMS FOR THE IMPLEMENTATION OF CAPACITY-BUILDING AND DEVELOPMENT MEASURES

³ GEF/C.22/8 “Strategic Approach to Enhancing Capacity Building” (2003). Definitions of the operational principles can be found in the annex to the document.

This element of the strategic framework will be based on the responses to the questionnaire on domestic needs and priorities (Annex I).

6. COORDINATION MECHANISM

Article 22, paragraph 6, of the Protocol provides that information on capacity-building and development initiatives at national, regional and international levels should be provided to the Access and Benefit-sharing Clearing-house with a view to promoting synergy and coordination on capacity-building and development for access and benefit-sharing.

*In addition to reporting to the Access and Benefit-sharing Clearing-House, other possible elements for a coordination mechanism are listed below. Please indicate which of these, in your opinion, could be useful element(s) for a coordination mechanism to promote synergy and coordination on capacity-building and development under the Nagoya Protocol **by placing a cross (X)**.*

- Liaison group providing advice to the SCBD on ways to improve coordination
- Coordination meetings of government agencies, donors and relevant organizations involved with capacity-building
- Online forums and networks linking government agencies, donors and relevant organizations involved with capacity-building through internet-based tools

Other Reporting the outcome of activities on the CHM.

Please provide views regarding a coordination mechanism for capacity-building and development under the Nagoya Protocol.

<Text entry>

7. COOPERATION AMONG PARTIES AND WITH RELEVANT PROCESSES AND PROGRAMMES

Please provide views or information on possible or existing cooperation among Parties and with relevant processes and programmes which could support the implementation of the strategic framework.

Coordination with activities of the WIPO-IGC.

8. MONITORING AND REVIEW

Please provide views on how the strategic framework could be monitored and reviewed.

Periodic reporting on a special page of the CHM

Please indicate whether, in your opinion, the development of a set of indicators to facilitate the monitoring and review of the strategic framework would be useful.

Yes, provided these are not prescriptive and allow for innovative evaluation.

If you think the development of indicators could support the monitoring and review of the strategic framework, please indicate whether, in your opinion, it would be most appropriate to develop the indicators at the national and/or international level. If possible, please also provide examples of such indicators (e.g existence of a legislative framework to implement the Protocol).

- 1- State of application of disclosure of origin in IPR legislation.
- 2- Case studies, for both successful implementation of access permits with BS clauses including BS.
- 3- Cases of discovery of bio-piracy at check points.
- 4- Cases of relevant decisions by Courts of judgement.
- 5- Cases of joint marketing of IPR by both provider and user Parties.

9. POSSIBLE SEQUENCE OF ACTIONS FOR THE IMPLEMENTATION OF THE STRATEGIC FRAMEWORK

Please provide your views and/or information regarding possible sequence of actions for the implementation of the strategic framework, including a possible roadmap of activities to assist countries in defining their priorities and corresponding timelines. This could include actions at the international, regional and national levels.

This should be left for the MOP

10. FINANCIAL AND OTHER RESOURCE REQUIREMENTS

Please provide your views and/or information regarding financial and resource requirements in relation to the implementation of the strategic framework.

This will differ according to the needs expressed by individual Parties.

11. OTHER POSSIBLE ELEMENTS
