

Le réseau sur la Biodiversité et les Services Écosystémiques

Biodiversity and Ecosystem Services Network (BES-Net)

Promoting dialogue between science, policy and
practice, to build capacity for sustainable management
of biodiversity and ecosystem services worldwide

Supported by:

based on a decision of the German Bundestag

SwedBio
A programme at Stockholm Resilience Centre

- Un réseau de réseaux de partage des capacités géré par le PNUD: **85 organisations**
- Favorise le dialogue entre politique, science et pratique pour une gestion plus efficace de la biodiversité et des écosystèmes, contribuant ainsi au bien-être humain et au développement durable.
- Repose sur des réseaux et des activités existantes
- Répond aux besoins en termes de renforcement des capacités identifiés par IPBES, CBD & UNDP et ses Partenaires
- **Financement: IKI BMUB, NEA et SwedBio**

Supported by:

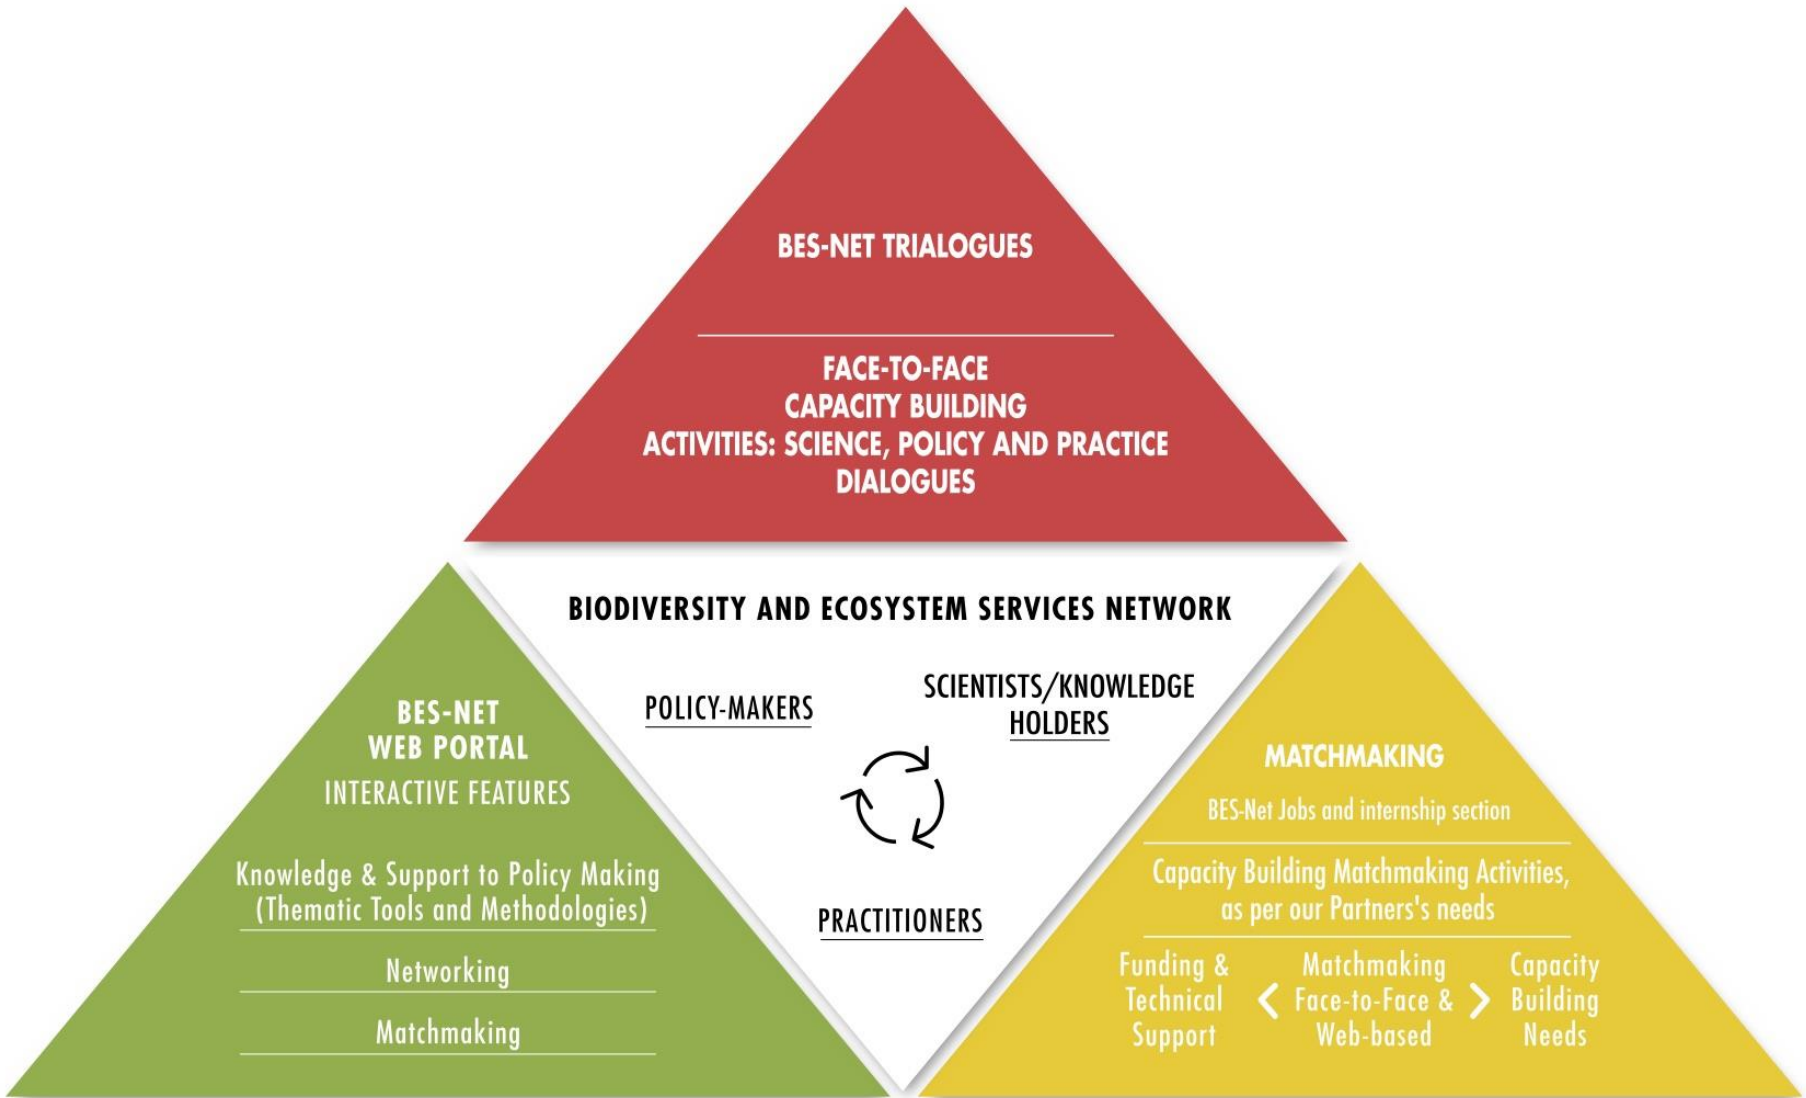

Federal Ministry
for the Environment, Nature Conservation,
Building and Nuclear Safety

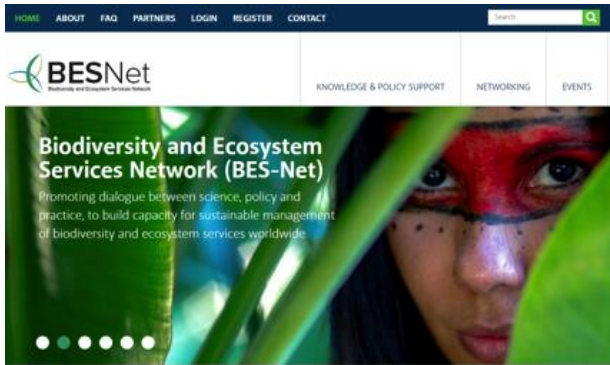

based on a decision of the German Bundestag

SwedBio

A programme at Stockholm Resilience Centre

LAND DEGRADATION AND RESTORATION **ECOSYSTEM-BASED ADAPTATION** **BIODIVERSITY FINANCE** **INDIGENOUS AND LOCAL KNOWLEDGE** **SCENARIO ANALYSIS AND MODELLING** **POLLINATION, POLLINATORS & FOOD PRODUCTION**

Thematic Areas

- Biodiversity Finance
- Ecosystem-based Adaptation
- Indigenous and Local Knowledge in Biodiversity and Ecosystem Services
- Land Degradation and Restoration
- Pollination, Pollinators and Food Production

Thematic Areas

Use this one-stop-shop for online learning and networking on a variety of biodiversity and ecosystem services themes. Browse and share information, connect with experts, commission policy briefs and access knowledge that helps answer your specific questions.

Policy Support

Access the latest information on policy support tools and methodologies, not only to learn about the different elements of policymaking and implementation, but also to assess the potential usefulness of these resources in specific contexts.

Networking

Connect with scientists, knowledge holders, policymakers and practitioners and join a global conversation on capacity building in the arena of biodiversity and ecosystem services - start an online discussion with new contacts, poll and survey experts, and much more.

Matchmaking

BES-Net will be involved in capacity building matchmaking activities, based on the needs of its Partners. You can now look for vacancies in the field of biodiversity and ecosystem services.

Events

Search or browse upcoming events relating to biodiversity and ecosystem services, ranging from trainings to national science-policy-practice dialogues and international meetings.

Register

Take advantage of all of the interactive features on BES-Net by becoming a registered user. In addition to accessing resources on biodiversity and ecosystem services, you will receive electronic newsletters and can engage with policymakers, scientists/knowledge holders and practitioners in an open dialogue.

COMMISSIONING OF A POLICY BRIEF

EXPERTS

SURVEYS

LIVE CHAT

Search for individuals listed on our thematic and methodological rosters of experts to find answers to your questions - ask a single expert or poll a group of experts on their area of expertise.

Survey policymakers, scientists and practitioners in biodiversity and ecosystem services on a question or topic of your choice.

Engage in discussions with fellow BES-Net users and BES-Net Administrators

IDENTIFY A KNOWLEDGE GAP

NEW RESOURCE

FORUMS

Engage in discussions with fellow BES-Net users. Comment on existing or topics or create new threads based on your experience and interests.

FIND & CONNECT

Search for BES-Net users who share your interests and create or follow existing groups through which to communicate and collaborate.

Un vaste réseau en expansion

BES-Net, CBD et BBI

- **La CBD est un Partenaire de BES-Net et un membre de son comité de conseil**
- **Explorer collaboration et synergies:** consultation des parties prenantes de la CBD, participation aux évènements et consultations relatifs a BBI, et discussion bilatérales avec le Secrétariat, y compris dans le contexte d'IPBES

BES-Net: un partenaire clef pour la mise en oeuvre du plan d'action a court terme de renforcement des capacités de la CBD incluant BBI

- 1. Communication & partage d'information sur BBI et autres initiatives**
- 2. Partage de réseaux**
- 3. Gestion des connaissances et renforcement des capacités en ligne**
- 4. Activités face a face avec les Trialogues BES-Net**

5. Synergies sur les activités de “capacity building matchmaking activities”

- ✓ Promouvoir BBI et ses activités
- ✓ Relayer les appels a contributions de BII et ses besoins
- ✓ Identifier des besoins en termes de capacité
- ✓ Offrir l'expertise du PNUD ou aider a identifier des partenaires BES-Net pouvant contribuer a répondre a ses besoins (NBSAP Forum)
- ✓ Donner accès a 91 Experts
- ✓ Coopérer sur le gestion des connaissances, le partage de bonnes pratiques et de leçons
- ✓ Offrir un plateforme en ligne pour échanger et collaborer
- ✓ Coopération sur les activités face à face
