

ONE NATURE · ONE WORLD · OUR FUTURE  
COP 9 MOP 4 Bonn Germany 2008

# BUSINESS at COP-9 *a guide*

## Business on the agenda

In March 2006, at their eighth meeting, Parties adopted the first decision on business. Since then, the 'business and biodiversity' agenda has become increasingly vibrant. At COP-9, business engagement is again part of the formal agenda. In addition, many informal business related events are also scheduled at the COP.

### Formal agenda

Business engagement will be discussed as part of agenda item 4.13 (Cooperation with Other Conventions, International Organizations and Initiatives and Engagement of Stakeholders).

To this effect, the Secretariat has prepared document UNEP/CBD/COP/9/21/Add.1. The latter (1) outlines the development of the 'business and biodiversity' agenda since the eighth meeting of the Conference of the Parties; (2) provides an overview of efforts by Parties and organizations in implementing decision VIII/17; (3) reports on the business related activities undertaken by the Executive Secretary over 2006-2008; (4) proposes a framework for priority actions on business for 2008-2010; and (5) includes a draft decision.

Business engagement is relevant to many other issues tabled for discussion at COP-9. In particular, issues for in-depth consideration at the COP consist of:

- Agricultural biodiversity;
- Global Strategy for Plant Conservation;
- Invasive alien species;
- Forest biodiversity;
- Incentive measures;
- Ecosystem approach;
- Progress in the implementation of the Strategic Plan and progress towards the 2010 target and relevant Millennium Development Goals; and
- Financial resources and the financial mechanism.

### Informal agenda

Many initiatives, projects and publications will be showcased in Bonn. In particular, a large amount of business related side events are scheduled.

To help participants better plan their stay in Bonn, the Secretariat has compiled the present list of 'business related' side events at COP-9 (see pp. ii-iii).

Visit the B&B Lounge to collect your 'Biodiversity in Good Company' USB stick

## German Business and Biodiversity Initiative

The Host Government has launched a Business and Biodiversity Initiative to mobilize business on biodiversity. Activities at the COP include:

- A Business & Biodiversity Lounge (at the Expo of Diversity, 27-29 May)
- Presentation of signatory companies, see p. iv for full list (at the Expo)
- Expert forums (27 May, lunchtime, in rooms BMVBS 0.121 and 0.133)
- A presentation of the Initiative during the High Level Segment (29 May)

The Business and Biodiversity Forum – a series of side events and training sessions – is a contribution to the discussions on business at COP-9.

All B&B Forum events take place in room BMVBS/0.121.

A large number of 'business related' side events are scheduled at COP-9 (see full schedule, pp. ii-iii). These will provide an update on the development of tools to help companies better manage biodiversity; perspectives from business groups on COP negotiations; feedback from environmental groups working on business issues.

The schedule includes events on Access and Benefit-sharing, agribusiness (including those organized as part of the celebrations for the International Day on Biological Diversity, on 22 May), biodiversity offsets, biofuels, biotrade, economics, forestry, tourism, trade... The schedule also lists parallel events organized alongside COP, such as the Countdown 2010 Partners Assembly (22 May). The full list of side events is posted at [www.cbd.int/cop9/side-events/?mtg=COP-0](http://www.cbd.int/cop9/side-events/?mtg=COP-0)

As a contribution to the discussions on business, UNEP, UNU-IAS and the Secretariat are organizing, with partners, a Business & Biodiversity Forum throughout the COP (all events listed in schedule).

Side events

## Formal agenda and documents

All COP-9 documents, including the provisional agenda and background documents are available at [www.cbd.int/cop9/doc](http://www.cbd.int/cop9/doc). Information for participants is available at [www.cbd.int/cop9/info](http://www.cbd.int/cop9/info).

## Business newsletter: Take part in survey

Vol. 3, Issue 3 of the CBD business newsletter, issued for COP-9

Released for COP-9, the April issue of *Business.2010* provides a broad overview of business and biodiversity and thereby provides an informal complement to COP document UNEP/CBD/COP/9/21/Add.1. The April issue provides (1) a general update of business and biodiversity; (2) a sector by sector overview; (3) an update on biodiversity offsets; (4) and articles on Access and Benefit-sharing.

The newsletter is available online as a pdf file and html pages at [www.cbd.int/business/newsletter.shtml](http://www.cbd.int/business/newsletter.shtml). Hard copies will be distributed in Bonn. The next issue will focus on the business implications of COP-9. Articles should be received by 1 July.

Since October 2006, eight issues have been released on a range of subjects, from the financial services sector, agribusiness to Access and Benefit-sharing. An informal survey will be carried out during the COP to see how the product can be strengthened.

LUNCHTIME (1315-1445, UNLESS OTHERWISE INDICATED)			INTERNATIONAL DAY FOR BIOLOGICAL DIVERSITY

## Quick recap

**'BUSINESS ROOM'** – Room BMVBS 0.133 is reserved for participants from business (before 10am). Business briefings are organized daily, at 8.30am. Please note that during the lunchtime and evening breaks, the room is allocated for side events (not necessarily on business).

**PLAZA OF DIVERSITY** – The Plaza (which runs throughout the COP-MOP 4 and COP-9 meetings, see location below) includes an exhibition fair, workshops, and many other initiatives. The International Chamber of Commerce (ICC) will be running an exhibit in booth #25.

**EXPO OF DIVERSITY** – The Expo runs on 27-30 May. The German Business and Biodiversity booth will include a Business and Biodiversity Lounge as well as a presentation of member companies (booth #104-106).

**THE BUSINESS AND BIODIVERSITY FORUM** – organized by the Secretariat, UNEP, and UNU-IAS – with partners, the Forum features a series of side events as well as an all day training session on Saturday 24 May. The Forum will open on Sunday 18 May (1800). **One location for all BBF events: BMVBS/0.121.**

**THE GERMAN BUSINESS AND BIODIVERSITY INITIATIVE** – established to mobilize business on biodiversity and to set the course for demonstrable action by 2010, the Initiative will operate a booth during the Expo (#104-106); will be holding expert forums (on 27 May, lunchtime); and will be profiled during the High Level Segment (29 May).
