

Issue No. 10/2010

MONTHLY BULLETIN OF ACTIVITIES OF THE **CONVENTION ON BIOLOGICAL DIVERSITY**

OCTOBER 2010

Tenth meeting of the Conference of the Parties to the Convention on Biological Diversity

The tenth meeting of the Conference of the Parties to the Convention on Biological diversity was held in Nagoya, Aichi Prefecture of Japan, from 18 to 29 October 2010, with the theme "Life in harmony, into the future". Surpassing its record of attendance to date, the meeting gathered the participation of more than

18.000

participants.

The opening ceremony

started with a traditional

arts performance, with Yoko Deva playing the Shinobue and a shadow play by the Kakashi-za Yoko Deva

group.

The meeting was then officially opened by Mr. Jochen Flasbarth, who addressed the plenary on behalf of the COP 9 President, after which he handed over the COP Presidency to Mr. Ryu Matsumoto, Environment Minister of Japan.

COP10 President delivered opening remarks, followed by statements from: Mr. Masaaki Kanda, Governor of the Aichi Prefecture; Takashi Kawamura, mayor of Nagoya City; Mr. Achim Steiner, UNEP

change. It achieved its three inter-linked

goals: adoption of a new ten year Strate-

gic Plan or the "Aichi Target" to guide international and national efforts to save biodiversity through enhanced action to meet the objectives of the Convention on Biological Diversity, a resource mobilization strategy that provides the way forward to a substantial increase to current levels of official development assistance in support of biodiversity; and a new international protocol on access to and sharing of the benefits from the use of the genetic resources of the planet. 47 decisions were adopted in total, including a plan of action on cities and biodiversity; a multi-year programme of action on southsouth cooperation; on affirming the role of CBD in reducing emissions from deforestation and forest degradation in developing countries, and forest conservation, sustainable forest management and enhancement of forest carbon stocks; the adoption of the Tkarihwaié:ri code of (cont'd on page 4)

Adoption of the ABS Protocol.

View of the COP10 opening plenary. From L-R: Ahmed Djoghlaf, CBD-ES; Takashi Kawamura, Mayor of Nagoya City; Ryu Matsumoto, Environment Minister of Japan (incoming COP10 President); Jochen Flasbarth, on behalf of outgoing COP9 President; Masaaki Kanda, Governor of Aichi Prefecture; and Achim Steiner, UNEP Executive Director.

Fifth meeting of the Conference of the Parties serving as the meeting of the Parties to the Cartagena Protocol on Biosafety

The fifth meeting of the Conference of the Parties serving as the meeting of the Parties to the Cartagena Protocol on Biosafety (COP-MOP 5) was held on 11-15 October 2010 in Nagoya, Aichi Prefecture of Japan, bringing together more than

View of COP-MOP5 opening plenary. From L-R: Takashi Kawamura, Mayor of Nagoya City; Wolfgang Koehler, on behalf of outgoing COP-MOP4 President; Michihiko Kano, Minister of Agriculture, Forestry and Fisheries, Japan (incoming COP-MOP 5 President); Hidenori Murakami, Japan; Masaaki Kanda, Aichi Prefecture Governor; and Ahmed Djoghlaf, CBD-ES.

1600 participants. The meeting was opened by Mr. Wolfgang Koehler of Germany, speaking on behalf of Ms. Julia Klöckner, Parliamentary State Secretary in the Federal Ministry of Food, Agriculture and Consumer Protection of Germany and President of the Conference of the Parties serving as the meeting of the Parties to the Protocol. This was followed by Mr. Michihiko Kano, Minister (cont'd on page 3)

Highlights of the International Year of Biodiversity in October

DOMINICAN REPUBLIC

The Plant and Flower Festival opened at the Botanical Gardens of the Dominican Republic in Santo Domingo. The event, part of —The Last SurvivorsII project, is a UK Darwin Initiative funded project which is a collaboration between the Durrell Wildlife Conservation Trust, Sociedad Ornitologica de la Hispaniola, the Zoological Society of London and the Dominican Republic National Zoo. For more information, please visit: http://www.thelastsurvivors.org/.

AUSTRALIA

Caldera Art, which helps contribute to public awareness of regional biodiversity values and environmental conservation initiatives by conducting annual touring art exhibitions and events, showcased the biodiversity of the National Landscape Australia's Green Cauldron.

For more information, visit: http://calderaart.org.au/

WINNERS ANNOUNCED: YOUNG HANDS TOGETHER FOR DIVERSITY INTERNATIONAL BIODIVERISTY ART COMPETITION

Over 3,000 children and young people between 6 and 20 years of age from over 60 countries submitted artwork to a biodiversity art contest launched by the Secretariat of the Convention on Biological Diversity (CBD), the Food and Agriculture Organization of the United Nations (FAO), the World Association of Girl Guides and Girl Scouts (WAGGGS) and Bioversity International. The contest was

developed as part of a global youth education initiative on biodiversity in support of the 2010 International Year of Biodiversity. To view the artists and winners, please visit: www.facebook.com/greenwave.cbd.int.

NHM-Darwin Centre, UK

Winners of the first Young Darwin Prize were announced at a prestigious event in the Natural History Museum's Attenborough Studio yesterday. School pupils from Middlesex, Devon and the West Midlands received their awards for creating the best video

news reports about their wildlife and conservation projects. The Young Darwin Prize is organised by the Natural History Museum and supported by Defra and was launched to help young people in England celebrate their own contributions to **2010 International Year of Biodiversity**. (Photo from: NHM-Darwin centre website).

For a full report of the International Year of Biodiversity celebrations and activities for October 2010, please visit: www.cbd.int/iyb/doc/prints/iyb-report-2010-10-en.pdf

INDIA

An event organised by Christ College featured students from various colleges exhibiting models at the intra- and intercollegiate project exhibition. The two-day event commemorated IYB and aimed to raise scientific awareness and promote radical understanding of the need to conserve biodiversity. To read more on this, please go to: http://www.deccanherald.com/

content/108904/melange-models-christ-college-expo.html.

BIODIVERSITY WORLD TOUR

Brussels represented the second stop of CropLife International's World Tour to celebrate IYB. The

organization decided to embark on a world tour to explore how agriculture today and in the future is working to protect our natural resources. At each stop CropLife International organizes a global town hall featuring panelists from across the food-value chain exploring different perspectives on biodiversity. Next stop is Nagoya for the Biodiversity Summit. To find out more on the Biodiversity World and watch a webcast of the Brussels Tour, please go to: http://arjuna.rcms.rambla.be/webinar/26260.

on Biosafety took place from 6 to 11 October 2010, in

Nagoya, Japan. It was initially planned to be a three day meeting (6-8 October 2010). However, more time was needed to resolve the outstanding issues prior to the opening of the fifth meeting of the Conference of the Parties serving as the meeting of the Parties to the Protocol (COP-MOP 5), and, therefore, the meeting was extended. The Group concluded its work at 2 a.m. on 11 October 2011, just eight hours before the opening of COP-MOP 5. The Group agreed to name the Protocol after the cities of Nagoya where it is adopted, and Kuala Lumpur, the city where the first mandate to Points for the Biosafety Clearing-House COP-MOP and two of the meetings of the the financial support of the UNEP-GEF.
