Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH

CBD COP 13 Thematic Day on Mainstreaming Biodiversity in Development and the SDGs: sharing and developing workable solutions

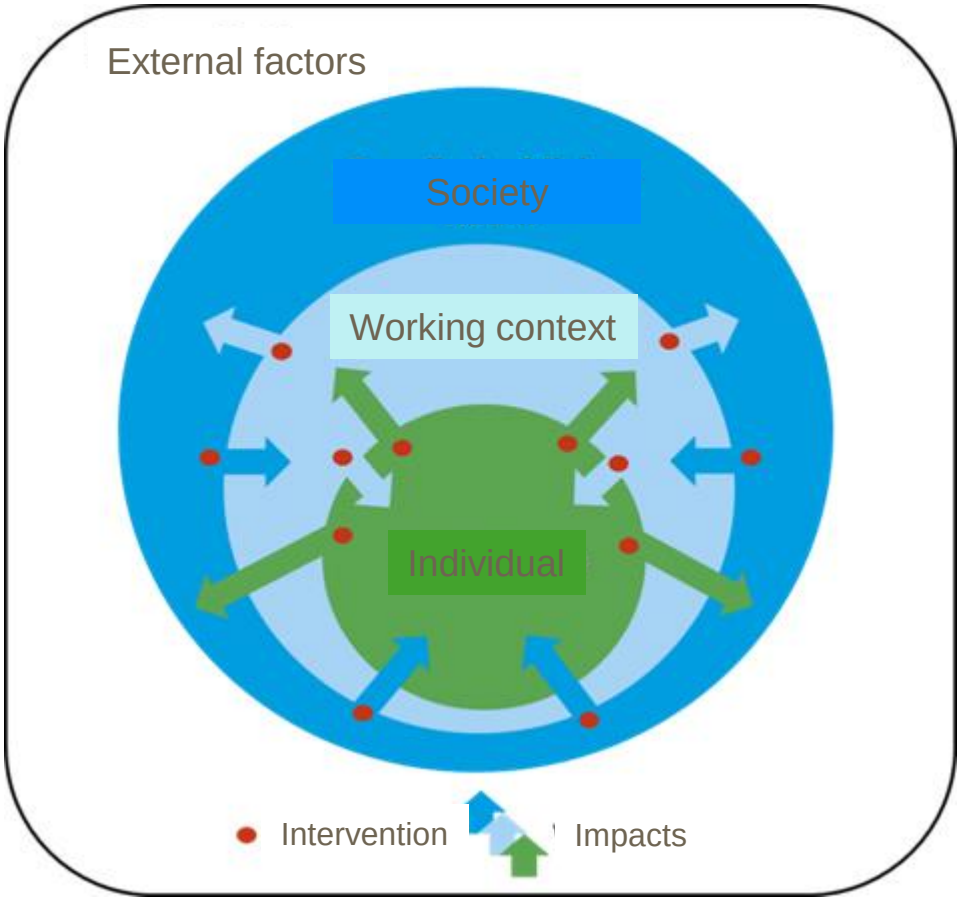
Session 5: Scaling up – tools and support for mainstreaming

# Capacity development for mainstreaming

## The work of GIZ

# Capacity Development with GIZ

The **human capacity development** (HCD) **measures** used in Germany's development cooperation aim to **enable experts and managers in partner countries to launch institutional and political reform processes**.



# Trainings in Biodiversity

**BLUE**
- CCA in Coastal and Marine Areas
- Sustainable Oceans Lab
- Marine Spatial Planning

**CLIMATE**
- MARISCO
- Ecosystem-based Adaptation
- Climate Change Adaptation in Coastal and Marine Areas
- REDD+ Summer School

**SECTORS**
- Farmer Business Schools
- Agricultural Value Chains
- Green Economy
- Sustainable Economic Development

**GENERAL**
- „Biodiversity 101“ /Int. academy Vilm
- Governance of Protected Areas
- ABS Trainings

**MAINSTREAMING**
- Integrating Ecosystem Services (IES) into Development Planning
- Strengthening Biodiversity Policy
- Principals of Ecosystem Services Assessments for Policy Impacts

**TOOLS**
- Economic Valuation Training
- Payments for Ecosystem Services
- Environmental Fiscal Reform
- TEEB Dialogue

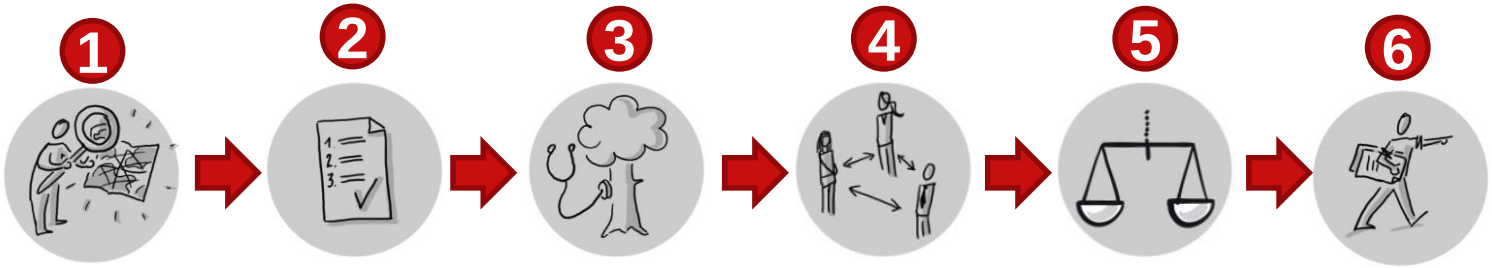
Integrating ES in SEA
Strengthening Biodiversity Policy

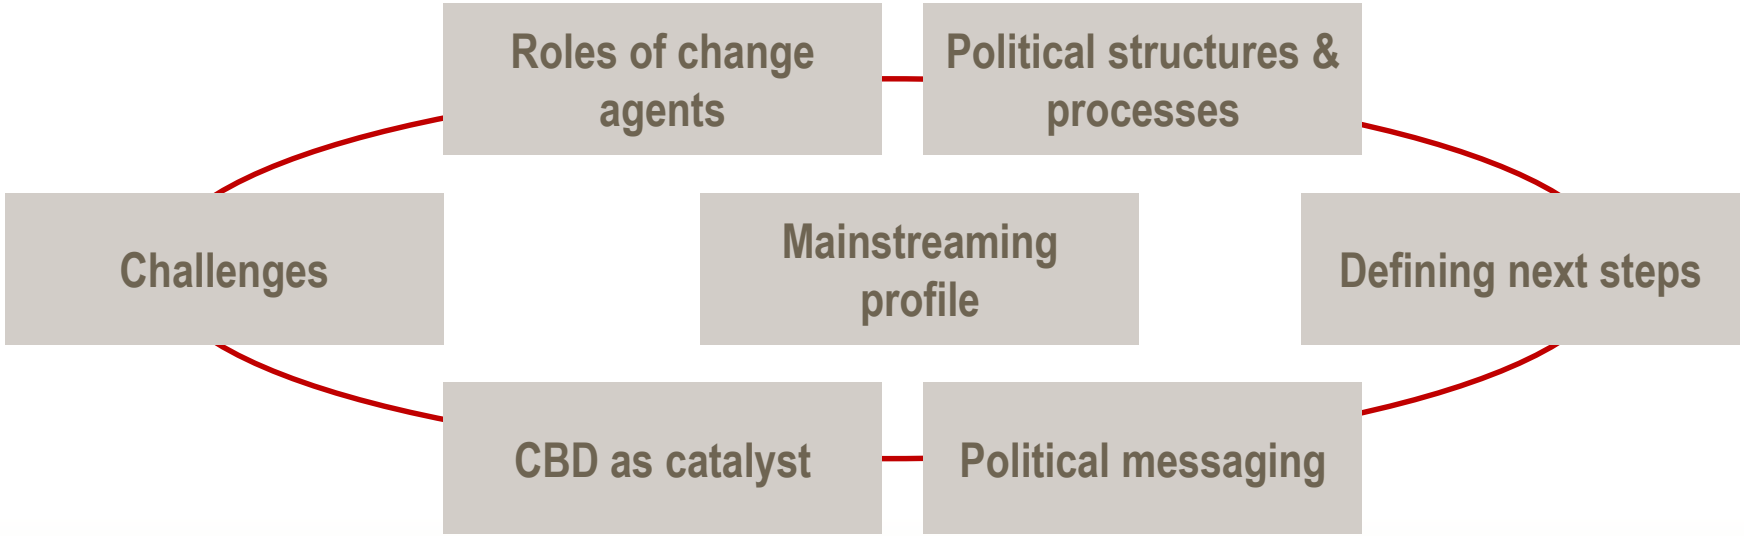
# Integrating Ecosystem Services (IES) into Development Planning

- Ecosystems, the services they provide and the underlying biodiversity are important parameters for development activities.
- How do we integrate this into development plans to ensure long-term sustainable development?
- Interactive training/ adult learning based on ficticious case.
- Six steps can be transferred to real-life context.

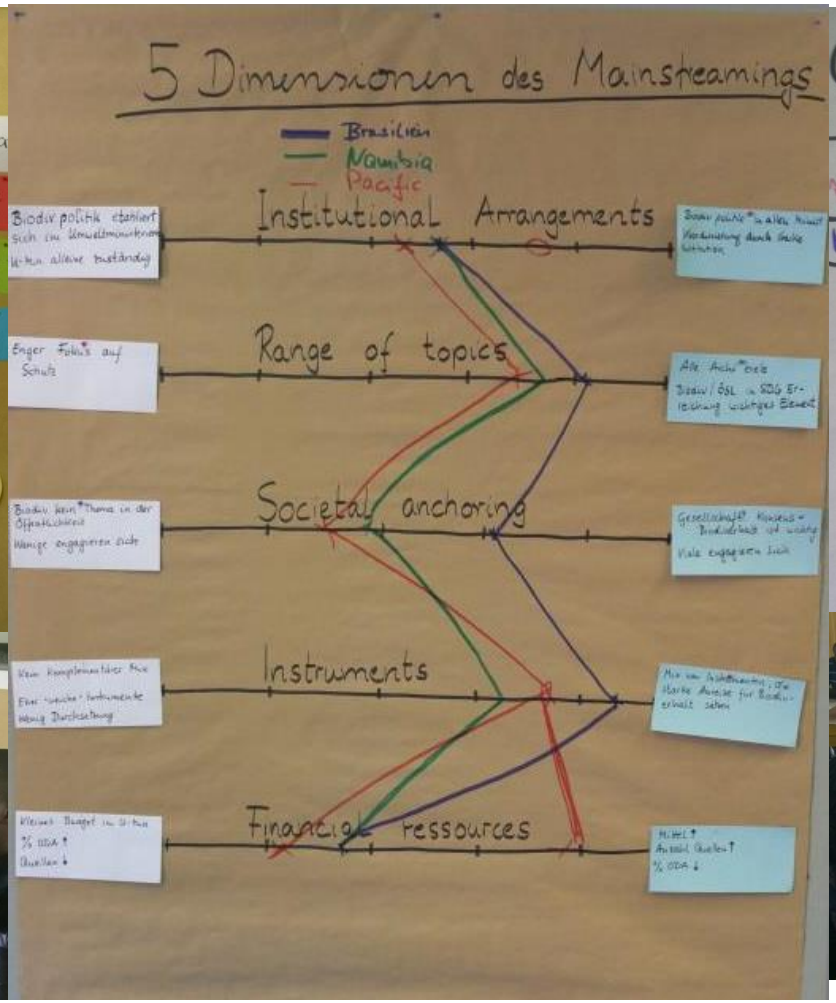


# Strengthening Biodiversity Policy

- Advocates for biodiversity reflect on their challenges, investigate entry points for mainstreaming and how to use those.
- 5-Dimensions of Mainstreaming: Element to structure and focus the discussion on specific dimensions of mainstreaming.
- Interactive training/ adult learning based on own working context



# Strengthening Biodiversity Policy



# Trainings as catalysts for mainstreaming ?!

## Thank you!

Ulrike Tröger (ulrike.troeger@giz.de)

Marianne Alker (marianne.alker@giz.de)
