

# UNDP's support to NBSAPs

## An overview

Jamison Ervin, UNDP Senior Advisor

# UNDP and GEF's Biodiversity Enabling Activity Funds

- UNDP is supporting 43 countries in the development of their BD EA proposals
- There are two global staff, 14 regional staff, and nearly 100 country staff supporting this effort
- Our goal is to provide administrative and technical support to enable countries to fully implement the CBD Strategic Plan

We are providing technical support by:

- Supporting CBD workshops and participating in other partnerships (e.g., IIED)
- Developing user-friendly guidance, templates, case studies and e-learning courses on key NBSAP issues
- Organizing materials and making them broadly available ([www.nbsapsupport.groupsite.com](http://www.nbsapsupport.groupsite.com))
- Providing in-country support on technical issues
