

*Mainstreaming of Biodiversity
NBSAP*

*Tone Solhaug, Ministry of Environment, Norway
Arild Lindgaard, Directorate for nature management*

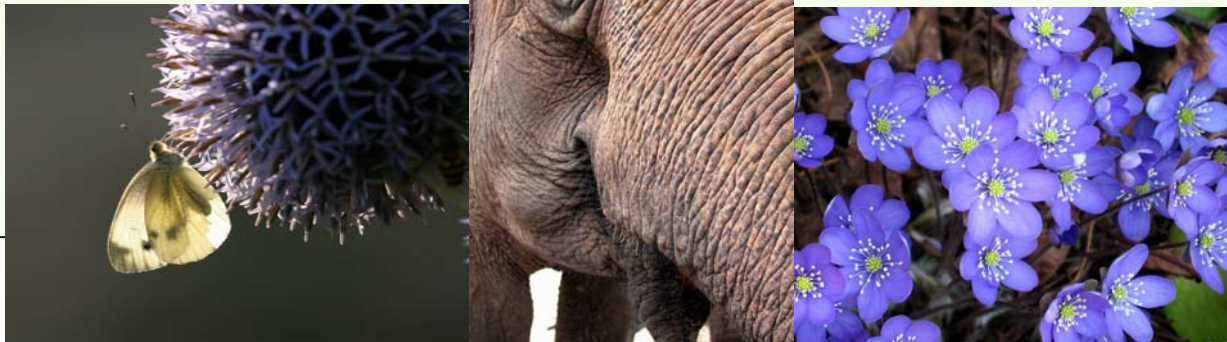

Some experiences from Norway:

- Follow-up of the CBD
- Pilot-study for the Millennium Ecosystem Assessment
- Development of the Integrated Management Plan for the Barents Sea

Norwegian priorities

- 2010 biodiversity target;
 - National work
 - Implementation of the CBD
 - Agreed national goals on biodiversity
 - International work
 - Further development of the CBD, and
 - The "cluster" of biodiversity agreements
 - Environmental development assistance

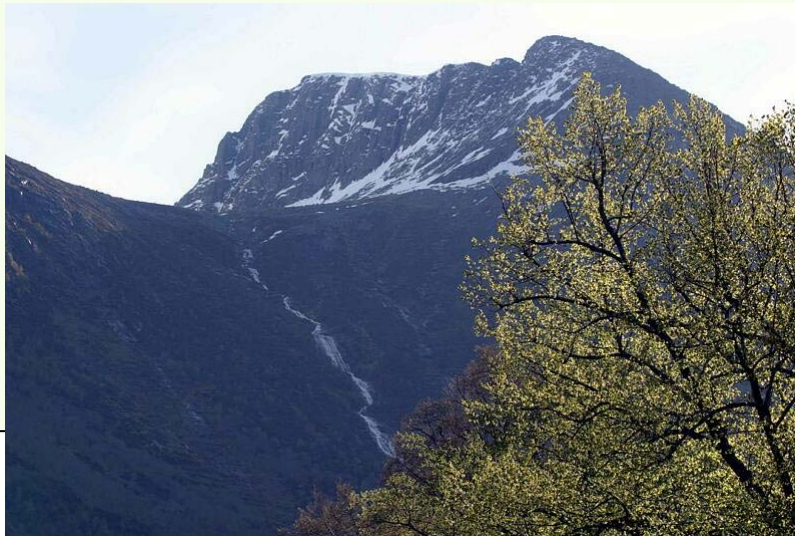

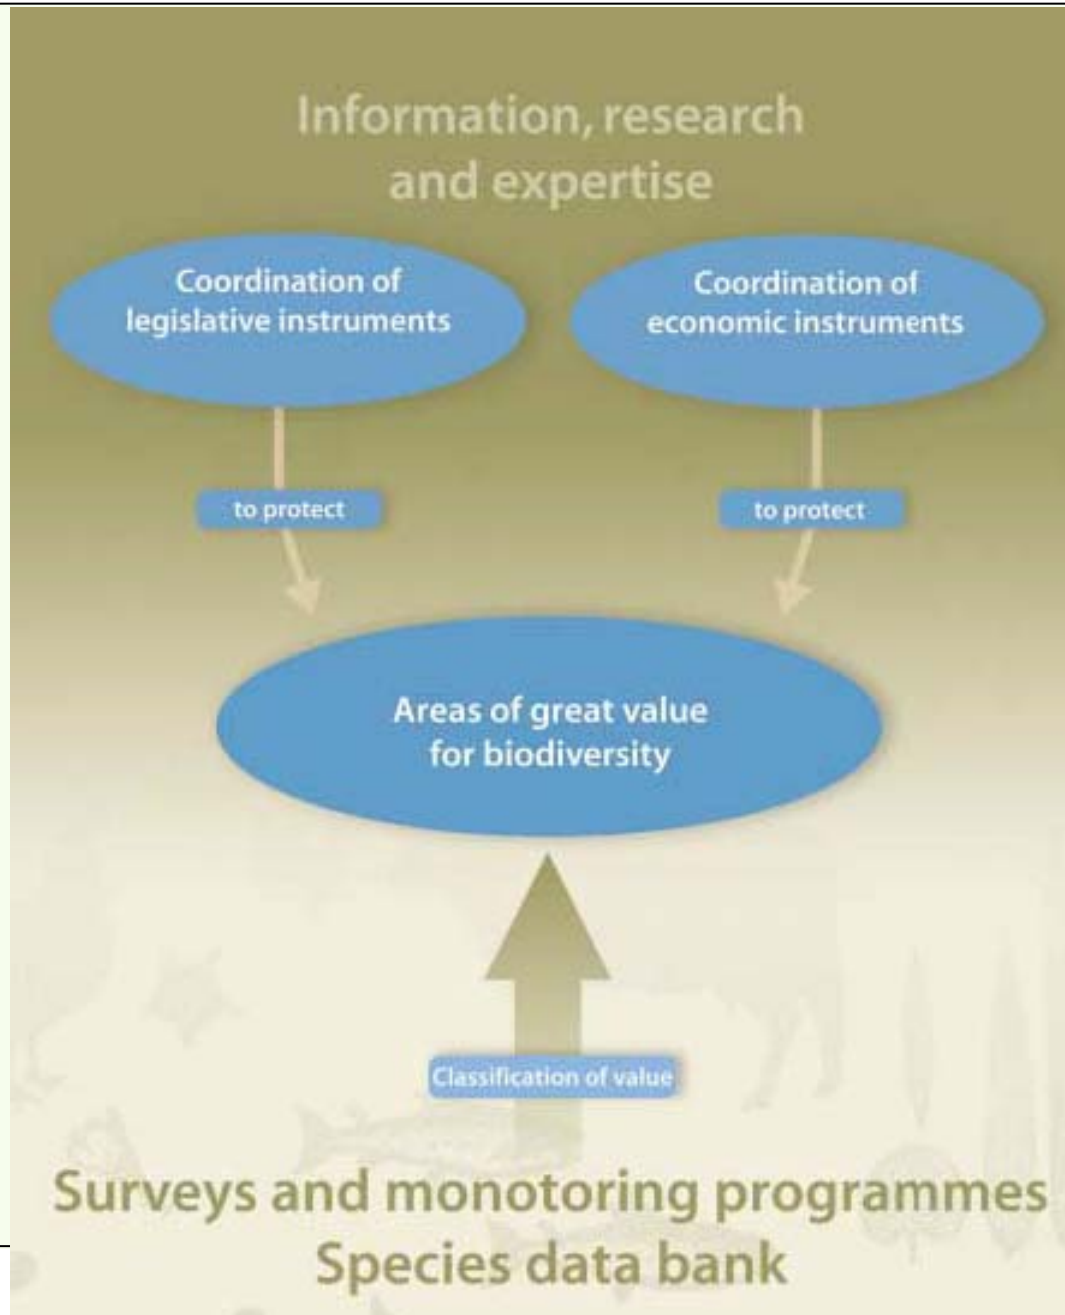

- 1993 Ratification of the CBD
- 1997 Strategy on biodiversity
- 2001 Action plan (NBSAP)
- Inclusion of the 2010-target
- Latest white paper (rikets miljøtilstand) spring 2007

The Norwegian biodiversity policy and action-plan – Cross-sectoral responsibilities and coordination

White paper (2001)

- 16 ministries + the Sami Parliament
one common part, and
one chapter for each ministry

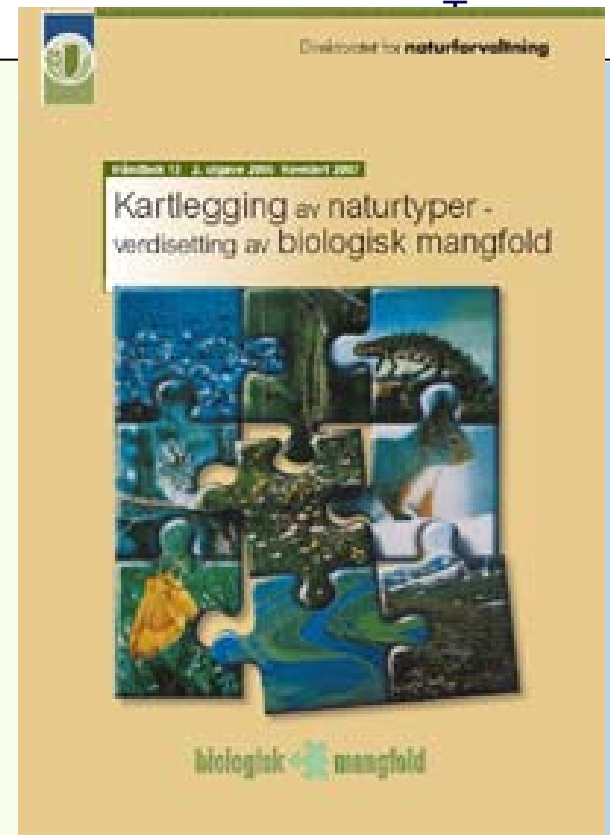

Norwegian structure

- Ministry of environment
 - Other ministries
- Directorate for nature management
- Counties (miljøvern avdelingene)
- Municipalities
 - Research institutions (NIVA, NINA, HI,

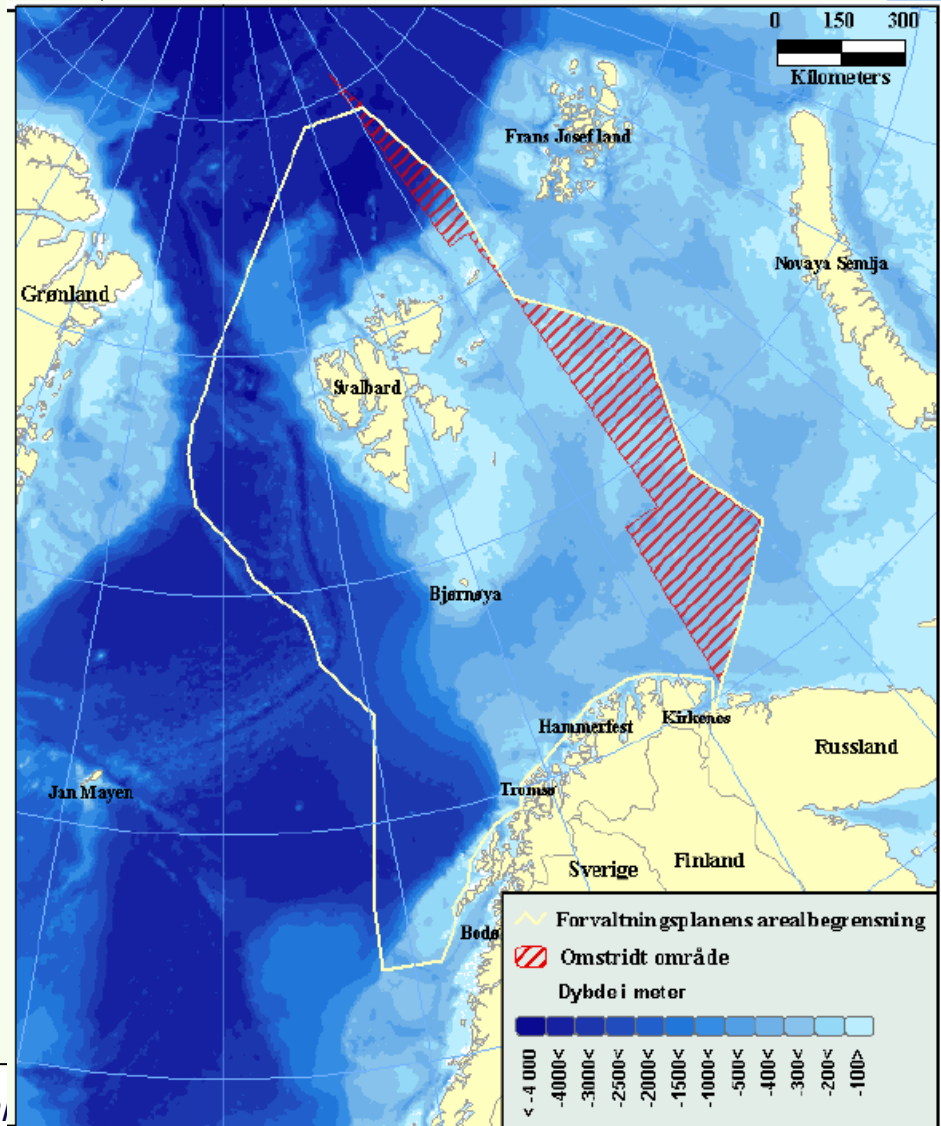

- Mapping
- Monitoring
- Indicators (SEBI 2010)
- Natureindex

Integrated Management of the Marine Environment of the Barents Sea (2006)

- Petroleum
- Fisheries
- Shipping
- Ecosystems

Barents sea...

Scientific basis:

social conditions

commercial activities

natural resources and the environment

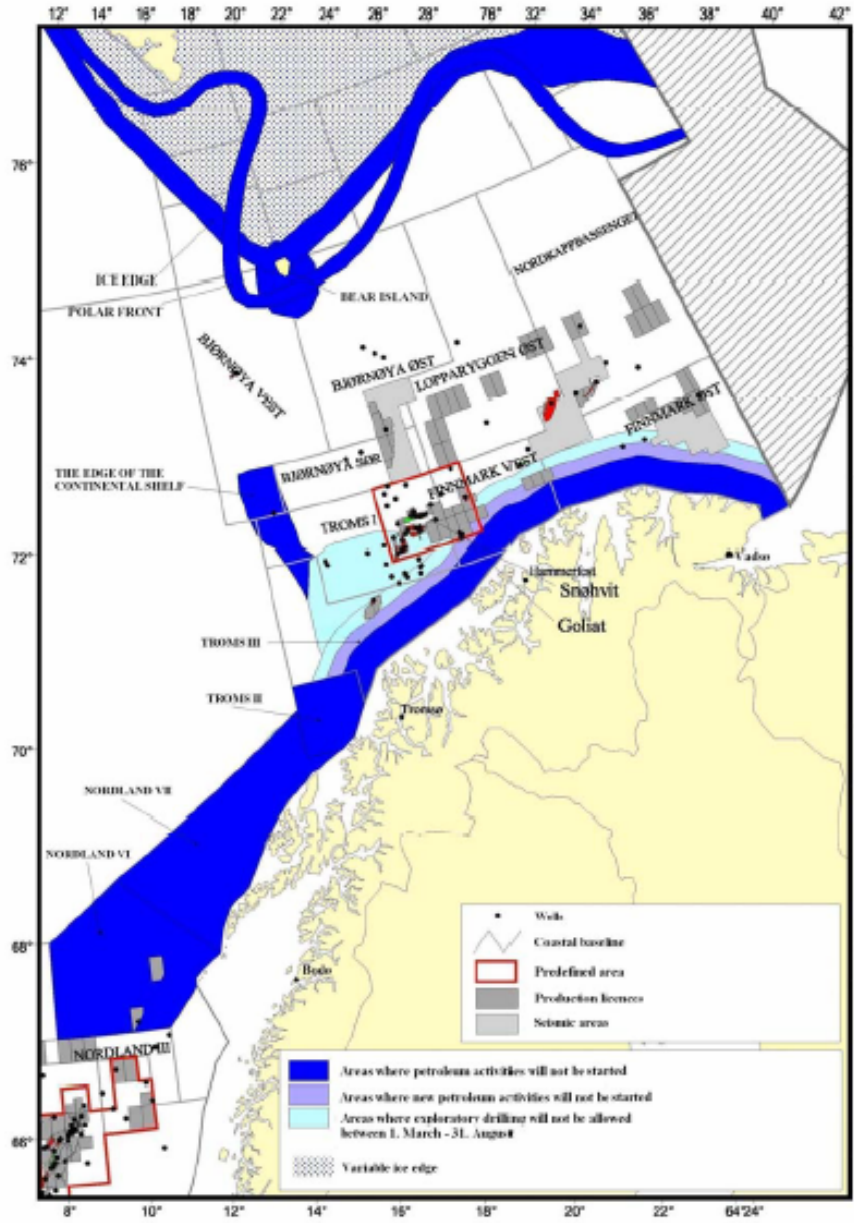

vulnerable and valuable areas

Sectors impact

Overall pressure and impact

-> integrated management plan

Petroleum activity during this Storting (Parliament)

International work:

Trondheim Conference on Biodiversity

Environmental Development Assistance

Svalbard Global Seed Vault

Info in english

Status in Norway:

Knowledge

The development of new biodiversity legislation is progressing -- slowly

Coordination of economic instruments – even slower

.....

Mainstreaming of biodiversity is a challenge!

The end!
