Dear Madam/Sir,

Further to recommendation 3/11 of the Subsidiary Body on Implementation (SBI 3) on options to enhance planning, monitoring, reporting and review mechanism for the Convention and the post-2020 global biodiversity framework, and following consultations with the SBI Chair and COP Bureau, I would like to advise Parties and observers that the peer review of the proposed four annexes indicated below related to planning, reporting, review, and stakeholder and non-state actor engagement, has been extended to **7 May 2022**. You will recall that Parties were not able to consider these annexes during the resumed sessions due to time constraints. Comments already received before 25 February 2022 (further to notification [2022-001](#)) and those to be received by the extended deadline will be made available for consideration by the fourth meeting of the Open-ended Working Group on the Post-2020 Global Biodiversity Framework, as it continues its work to prepare the final draft of the post-2020 global biodiversity framework, and by the fifteenth meeting of the Conference of the Parties.

Additionally, a workshop is planned prior to the fourth meeting of the Open-ended Working Group on the Post-2020 Global Biodiversity Framework. The workshop, to be held on 17-18 June 2022, will provide an additional opportunity for Parties to discuss the Annexes, their relationship with, as well the draft options to enhance planning, monitoring, reporting and review mechanism as set out in SBI recommendation 3/11. Further details regarding registration for the workshop will be provided in an additional notification in due course.

I look forward to receiving your comments on the draft annexes by **7 May 2022**.
