Reporting

- Multi purpose
 - Transparency about collective ambition - register
 - Contributing to global stocktake – tracking progress to global targets, SDGs
 - National accountability, communication, buy-in
 - Evaluation and improving performance
- Improvements
 - National targets/commitments aligned to global targets
 - Small number of common headline indicators, more standardised reports/guidance
 - Streamlining, shared reports/indicators with other processes, SDGs, gender responsive indicators
 - Flexibility for adaptation to national needs – to drive national action
 - Data accessibility, online reporting tools
 - Quality assurance and stakeholder/IPLC participation
 - Resources for implementation, reporting and review mechanisms

Peer review mechanism

Two options discussed:

- Build-on existing VPR procedure, encourage participation, provide incentives – limited to small no. of countries per year. Focus on NBSAP, implementation, systemic review.
- More comprehensive (mandatory?) peer review. Seek to cover all Parties within a review period. Focus on ambition and delivery.
