

Appendix 8**Marine Conservation Areas****First Order Priority Areas For Protection**

Site	Category	Principal Interest
1.0 Indonesia Whale Sanctuary	IV	(all waters under Indonesian jurisdiction)
1.1 TL Cenderawasih-Kep. Auri	IV - X	(coral reefs, giant clams, nesting green and hawksbill turtles, dugongs)
1.2 Aru Tenggara	I	(coral reefs, seagrass, dugongs, nesting turtles)
1.3 Jamursba-Mandi	I	(nesting leatherback and green turtles)
1.4 Wewe-Koor	I	(nesting turtles)
1.5 Kakabia	I	(nesting seabird and turtles, coral reefs)
1.6 TL Bintuni	I	(estuary, mangrove)
1.7 Muara Gembong	IV	(estuary, mangrove)
1.8 Karimunjawa	II	(coral reef, nesting seabirds and green and hawksbill turtles)
1.9 Nusa Penida	III	(coral reef, nesting seabird)
1.10 Muara Kendawangan	I	(estuary, beach forest, mangrove, migratory shorebirds)
1.11 Perluasan Tanjung Puting	IV	(estuary, mangrove)
1.12 P.P. Bunaken	III	(coral reefs, giant clams, tourism)
1.13 Arakan	IV	(coral reefs, giant clams, dugongs)
1.14 Moromahoa	I	(coral reef, nesting seabirds)
1.15 Suanggi	I	(nesting seabirds)
1.16 Tg. Sinebu - P. Alang Besar	IV	(estuary, mangrove)
1.17 Bakau Muara Kaupas	IV	(mangrove, swamp forest)
1.18 Muara Bobos	I	(estuary, mangrove, dependent shrimp fisheries)
1.19 Muara Cimanuk	I	(estuary, mangrove, dependent fisheries)

Continued

Site	Category	Principal Interest
1.20 Cikapuh - Cibanteng seaward extension	I	(green turtle mating area)
1.21 Bali Barat - P. Menjangan seaward extension	II	(coral reefs, tourism)
1.22 Batugendang	III	(nesting seabirds, coral reefs)
1.23 Komodo-Padar-Rinca seaward extension	II	(coral reefs, straits, minor upwelling, feeding area for whales manta rays, whale sharks)
1.24 Pamukan	I	(estuary)
1.25 TL Apar	I	(estuary, mangrove, dependent shrimp fisheries)
1.26 TL Adang	I	(estuary, mangrove, dependent shrimp fisheries)
1.27 P. Pasoso	III	(coral reefs, nesting green turtles)
1.28 P.P. Togian	VIII	(coral reefs, bays giant clams, coconut crabs, mangroves, nesting green and hawksbill turtles)
1.29 Sangi Sangiang	I	(nesting seabirds, coral reefs)
1.30 Karompa Tjadi	I	(nesting seabirds, coral reefs)
1.31 P.P. Penyu Lucipara	I	(coral reefs, nesting green turtles and terns)
1.32 P. Mapia	IV	(coral reefs, giant clams, coconut crabs, nesting green and hawksbill turtles)
1.33 Kuala Jambu Air	I	(estuary, mangrove)
1.34 Kuala Langsa	I	(estuary, mangrove)
1.35 Pangumbahan	VI	(green turtles nesting and mating area)
1.36 Hutan Sambas Paloh	I	(green turtles nesting and mating area)
1.37 Pleihari Tanah Laut seaward extension	IV	(green turtle mating area)
1.38 P. Penyu	I	(coral reef, giant clams, nesting green turtles)
1.39 Krakatau seaward extension	III	(coral reef)
1.40 Ujung Kulon-P.Panaitan seaward extension	II	(coral reef, bays, green and hawksbill turtle mating area)
1.41 Perairan Kangean Utara	IV	(cays, coral reefs, seagrass, dugongs, nesting seabirds and green turtles)
1.42 Pantai Barat Kalimantan Selatan	I	(nesting green turtles)
1.43 Muara Kayan	I	(estuary, mangrove)

Continued

BIODIVERSITY ACTION PLAN FOR INDONESIA

Site	Category	Principal Interest
1.44 Kep. Peleng-Banggai	VIII	(coral reefs, turtles, dugongs, giant clams)
1.45 Tg. Api seaward extension	I	(coral reefs)
1.46 Taka Bone Rate	VIII	(coral reefs, nesting green and hawksbill turtles, dugongs, giant clams)
1.47 Kep. Kai Barat-Tayandu	VIII	(coral reefs, nesting seabirds, possibly coconut crabs)
1.48 Raja Ampat	IV	(coral reefs, nesting green and hawksbill turtles)
1.49 Kep. Sermata Barat	VIII	(coral reefs)

Appendix 9**Occurrence of Endemic Birds and Mammals in Protected Areas****Mammals Endemic to Sumatra**

TFAP Action Areas	Strategy and Target of Repelita V
I. Forestry in Land-use	<ul style="list-style-type: none"> - Gazetttement of 113.0 mill hectares of permanent forest. - Mapping of 60.4 mill hectares of Production forest. - Allocation of 30.5 mill hectares of Conservation forest. - Development of 50 units of nurseries for plantations. - Development of 11 watersheds.
II. Forest-based Industrial development	<ul style="list-style-type: none"> - Maintaining ban on raw material exports. - Securing the production of logs of 157 mill cu.m in five years.
III. Forest for energy	<ul style="list-style-type: none"> - Development of 150,000 hectares of community forest.
IV. Conservation of forest ecosystems	<ul style="list-style-type: none"> - Rehabilitation of 1.9 mill hectares degraded forest. - Rehabilitation of 4.9 mill hectares of critical land. - Enrichment of 4.0 mill hectares of less productive forest. - Development of 12 National Parks and mangrove forest. - Forest fire prevention. - Development of marine conservation. - Resettlement of 500,000 families of shifting cultivators.
V. Institutions	<ul style="list-style-type: none"> - Development of Extension Service. - Development of 5 integrated Forestry Development Centres. - Training on watershed, nature conservation, reforestation, forest management, extension and processing. - Development of integrated forestry in the regions.

Appendix 12**PHPA Activities Supported by External Financing (1979-1990)**

Activities Funding Agencies	Protected Areas Management *	Integrated Protected Areas System	Marine Conservation.	Buffer Zone Management and Extention Services	Research and Development	Training & education information	Wetland cons	Breeding programs	Environmental Assessment (EIA)
World Bank	National Park Dev. 5 sites (Forestry I) 1988-1995, 71 m			Buffer Zone Management 5 National Parks (Forestry I)		Programs for 5 national Parks (Forestry I)			
UNDP/FAO	Nat Park Development studies 1976-1986	Nat. Cons. Plan for Indonesia (1982)	Protected areas Syst. Plan (1985)						
Govt. of USA	Advisor to DG PHPA 1990					Forest Prot Management Training			
Govt. of Holland						School for Envt. Cons Management (SECM) 1978	Wetland Cons. & management (AWB)		
Govt. of Japan						Centre for Nature Cons.Info & Extn. Service	Crocodile Farming (FAO/ UNDP)		
Asian Wetland Bureau (AWB)						Surveys of Coastal Wetlands			
World Wildlife Fund for Nature-Indonesia	Gn. Leuser Kerinci Wasur Kayan-Mentarang Ujung Kulon		Marine Cons. Dev Study P. Seribu	Kerinci Arfak					

*) Includes conservation areas, nature reserves and protection forest (=conservation forest areas). Prepared by the World Bank in Consultation with PHPA, 6 February 1990.

Appendix 13a**EAP Structure and Repelita V Programme**

TEAP Framework	Forestry Programmes Structure in Repelita V
Forest In land-use	1. Forest inventory and assessment of natural resources and environment 3. Safeguarding the forests, soil and water 4. Rehabilitation of forest and critical land 11. Transmigration
Forest-based industrial development	2. Increasing forest production
Forest for energy	2. Increasing forest production
Conservation of forest ecosystem	3. Safeguarding of forest, soil and water 4. Rehabilitation the forest and critical land 5. Nature conservation and the environment 6. Costal area management
Institutions	7. Research 8. Training and education 9. Personnel efficiency and control 10. Youth mobilisation

Appendix 13b**Repelita V Activities Identified by TFAP Action Areas**

Programme of Repelita V	Activities on Repelita V	T.F.A.P. Areas				
		1	2	3	4	5
I. Forest Inventory and Assessment of Natural Resources and the environment	A. Forest Inventory B. Gazettement of Forest Areas	*				*
II. Increasing Forest	A. Production of Forest Product B. Production of Processed Wood C. Domestic Marketing D. Foreign Trade E. Multiple use of Forest lands F. Timber Estate Development G. Rehabilitation of Unproductive Forest lands H. Enrichment Planting I. Release Cuttings J. Non-HTI Reforestation K. Community Forest Development L. Establishment of seed orchids M. Permanent central nursery establishment N. Technology Development for Forest Product Utilization	*	*	*	*	*
III. Safe-guarding the Forest Soil and Water	A. Reforestation and Rehabilitation B. Greening Movement C. Shifting Cultivation D. Community Forest Development E. Supporting Activities	*	*	*	*	*
IV. Rehabilitation of Forest and Critical Land	A. Greening and Reforestation B. Planning and Supervision of Reforestation and Greening of Watershed C. Technology Development and Nurseries D. Arboretum Development	*	*	*	*	*
V. Nature Conservation and the Environment	A. Location of National Conservation Area B. Flora and Fauna C. City Forest Development D. Arboretum Development E. Forestry Environment orientated Development F. Development of Information Centre for Nat. Conservation G. Conservation Cadre H. Supervision of Zoo & Safari Parks I. PLG Development	*	*	*	*	*

Appendix 14**Project Proposals**

Activities	Duration	Executing Agency	Origin	Budget
Biodiversity Inventory				
* Systematic Resources	3 years	Herbarium, Museum Universities, PSLs	Harvard	1,850,000
* Biodiversity Database		LIPI	TNC	
Regional Conservation Programs				
* Regional conservation Strategies	3 years	KLH, Universities, NGOs		3,710,000
* Conservation Program, Nusa Tenggara	3 years	PHPA, WWF, NGOs, Universities	WWF	2,425,350
* Conservation Program, Maluku	5 years	PHPA, MoF, KLH, Perikanan, NGOs		5,135,000 (incl. boat)
Protected Area + Wildlife				
* Cendrawasih-Reserves in Irian Jaya	5 years	PHPA, WWF, NGOs		3,452,000
* Sumatran Rhino Reserve	3 years	PHPA, WWF, IUCIN/AAZPA	WWF	675,000
* Orangutan Reserve	3 years	PHPA, NGOs, Customs PSLs, Teachers		1,105,000
Integrated Conservation+ Development				
* Manusela National Park	5 years	PHPA, NGOs, International Organizations	WWF	1,170,000
* Gunung Loentz, Irian Jaya	5 years	PHPA, UNCEN, NGOs, WWF	WWF	2,481,000
* Kerinci Seblat, Sumatra	5 years	PHPA, NGOs, Universities	WWF	1,506,000
* Rawa-Aopa, Sulawesi	5 years	PHPA, AWB, NGOs, WWF	WWF	2,474,800
* Gunung Halimun, Java	3 years	PHPA, NGOs, UNAS		1,234,600

Continued

Activities	Duration	Executing Agency	Origin	Budget
Coastal + Marine Conservation				
* Dugong Populations, Irian Jaya	2 years	PHPA, LIPI, WWF, NGOs		541,000
* Resources Management Bintuni Bay	1.5 years	PHPA, PSLs, NGOs, AWB,	AWB	983,000
* Turtle Nesting Beaches	2 years	PHPA, local authorities	WWF	1,054,800
* Togian Island Multiple Use	5 years	PHPA, BAPPEDA, WWF,	WWF	1,311,000
* Aru Islands-Conservation+ Management	5 years	PHPA, PSL-UNPATTI, DGIS		2,000,000
Wetlands Conservation & Management				
* Bintuni Bay	1.5 years	PHPA, PSLs, NGOs, AWB	AWB	983,000
* Sungai Sembilang, Sumatera	1 years	PHPA, AWB, PPLH UNSRI	AWB	189,150
* Biodiversity in Lakes, Sulawesi	1.5 years	PHPA, AWB, BAPPEDA	AWB	384,200
* Wetland Surveys Integrated, Sustainable Mangrove Management	4 years	AWB, PHPA Forestry, PHPA Fisheries	TFAP	2,750,000
Forest Conservation + Management				
* Mangement of Protection Forest	5 years	MOF, PHPA, Litbang Kehutanan		1,229,000
* Enrichment Planting, Bengkulu	5 years	Univ. Bengkulu, LIPI, Dinas Kehutanan, IPB, Bappeda	LIPI	750,000
Rehabilitation of Degraded Lands-Participatory wrestry	5 years	MOF, Transmigration	TFAP	5,360,000
Development of Biosphere Reserves	3 years	MOF, local + provincial	TFAP	1,230,000

Continued

Activities	Duration	Executing Agency	Origin	Budget
Agriculture				
Integrated Development of Shifting Cultivation	5 years	MOF	TFAP	9,500,000
Agroforestry in NTT	5 years	D-G Reforestation	TFAP	3,100,000
Ex-Situ				
Enrichment holdings of crop species Germpalm collection	3 years	Litbang Pertanian LIPI, Universities	LIPI	700,000
Research				
Ecological and Biodiversity Research	5 years	LIPI, MOF, Forestry + agricultural faculties	TFAP	10,360,000
Sustainable Forest Development in Concessions	5 years	MOF, Universities	TFAP	30,400,000
Non-Timber Forest Products	5 years	Forestry Research, MOF	TFAP	6,000,000
* Long-term Research Sites	3 years	PHPA, LIPI, Universities	LIPI	200,000
Wildlife Trade/ Resources Utilisation				
* Crocodile Farming	3 years	PHPA, FAO	PHPA	1,240,000
* Monitoring the Wildlife Trade	5 years	PHPA, PSLs, LIPI, NGOs	WWF	1,112,000
* Conservation Biodiversity in production/Extraction forest	5 years	Puslitbang Biologi,	MOF	885,000

Continued

BIODIVERSITY ACTION PLAN FOR INDONESIA

Activities	Duration	Executing Agency	Origin	Budget
Education and Training				
* National Biodiversity Campaign	5 years	KLH, AED, WWF, AED	WWF	200,000
* Field Guides + Flora	2 years	PHPA, NGOs, LIPI	WWF	1,060,000
* Terpadu + Buffer Zone Planning	1 years	BAPPEDA, Universities, Consultants, NGOs		1,200,000
* School for Marine Conservation Management	5 years	PHPA, LIPI, Fisheries DGIS		6,543,500
Ecotourism				
* Togian Islands	5 years	PHPA, BAPPEDA, NGOs	WWF	1,311,000
* Turtle Beaches	2 years	PHPA, Local authorities	WWF	1,054,800
* Orangutan Reserve	3 years	PHPA, NGOs		1,105,000
* Park Guidebooks	2 years	PHPA, NGOs, WWF	WWF	272,000
