

Global Unification-The Gambia - International Year of Biodiversity

Source: <http://www.earthday.org/campaigns/global-unification-gambia-international-year-biodiversity>

Global Unification, The Gambia was established to contribute to Global Unification International, in its formulation and implementation, as well as advocating programs relevant to youth development, women's empowerment, child protection, alleviating extreme poverty, fighting illiteracy and above all participating in maintaining peace, justice and sustainable development. This, we believe is indispensable for human survival and constitutes a sacred duty which all nations must strive to achieve for their people.

Global Unification The Gambia through the Pan African Movement of Global Unification Africa..s Chapter, also have the mandate to bring the attention of the Global African community about the Objectives of African Union and need to support Africans leaders and governments in their quest for positive change in life of people living in the continent. Thus, the Initiation of the awareness program entitled, 1-Voice 1-Action 1-Africa Campaign.

Using the power of young people to promote the International Year of Biodiversity while at the same time continuing our work on climate change mitigation and adaptation

Areas to engage young people:

- Social networking
- Community services
- Climate Action programs
- Observing **eight** key international days
